N-Tron Industrial Wireless

702W

- IEEE 802.11 a,b,g,n with Data Rates up to 300Mb/s
- Can be used as a Access Point, Access Point WDS, Station, Station WDS (Bridge or Router)
- 2.4GHz and 5.8GHz Receiver Tolerance Support
- -40°C to 70°C Operating Temperature
- Web Browser Management
- PoE or Redundant 20-49Vdc Powered

N-TRON
THE INDUSTRIAL NETWORK COMPANY

Sunx Photoelectric Sensor CX-491-P

- Retro Reflective Photoelectric
- 3 meter Sensing Range
- Polarizing Filter
- IP67
- PNP Output
- Includes Reflector
- 2m Cable

ABB IP67 Variable Speed Drive

ACS350

- Three Phase Input - 0.37 to 7.5 kW (415Vac)
- Sequence Programming
- Inbuilt Brake Chopper
- Inbuilt EMC Filter

Note: Control panel not included.

INSIGHT ENABLED

Puls 24V, 10A, Single Phase Input CS10.241

- AC 100–120/200–240V Auto Select Input
- Efficiency up to 91.6%
- Width only 60mm
- 20% Output Power Reserves
- Full Output Power Between -25°C & +60°C
- Minimal Inrush Current Surge
- 3 Year Warranty

\$175

PULS

Red Lion Miniature 5 Digit Process Meter CUB5P

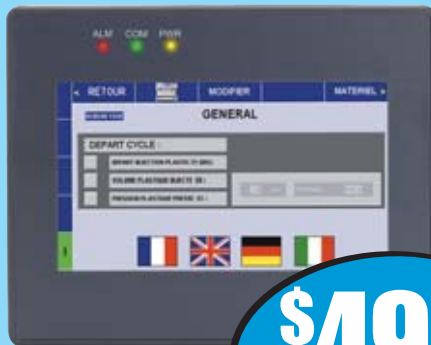

- Three Selectable D.C Ranges (0-10v, 0-20mA & 0-50mA)
- 12.2mm High Digits, Red / Green LED Display
- Minimum & Maximum Display Capture
- Optional Setpoint & Communication Modules
- Programmable via Front Panel or Software (Crimson 2)
- Display Colour Change Capability at Setpoint
- NEMA 4X IP65 Sealed Front Bezel

Panasonic Combination Offer NEW FPOR PLC and 3" Touch Screen

Package contains:

- 1 x FPOR-C14RS – Compact PLC, 8 Digital Inputs, 6 Relay Outputs
- 1 x AIGT0030B – GT01 3" Touch Screen
- 1 x USB Programming Cable
- 1 x AIGT8192N – PLC to Screen Cable
- FPWINPro PLC and GTWIN Screen Programming Software

Call us on 1800 577 705 for information on Panasonic programming software training.

Red Lion Touch Screen

G304K000

- Bright 4.3-inch TFT Active Matrix 256 Colour 480 X 272 Pixel Display
- Two Serial Communications Ports (1 RS-232 and 1 RS-232/422/485)
- Unit's Configuration is Stored in Non-volatile Flash Memory
- Three Front Panel LED Indicators
- NEMA 4/IP65 Front Panel
- Power Unit From 12-28 VDC
- Over 100 Communication Drivers
- Free Configuration Software – Easy & Flexible

Panasonic Floatless Liquid Level Control System

- Compact Plug in Relay Type
- 316 Stainless Steel Probes
- 240VAC Supply
- 240VAC, 1 Amp, Control Circuit

Control Relay 21F-GF-PC-AC220V:	\$88.00
Relay Base AT8-RFD:	\$10.00
Probe Fitting-3 Pole AF6302FK:	\$30.60
Probe (1m Lengths)* AF5001:	\$19.20
Probe Spacer-3 Pole AF8103:	\$5.40

*Probe quantities to be determined according to your application

Electrex Multi-Function Energy Analyser FEMTO 96

- Suitable for 3 or 4 Wire and Single Phase Systems
- 96 x 96mm Panel Mount
- 1 Digital Input, 2 Digital Output (Alarm or Pulse)
- RS485 MODBUS
- Class 1 on Energy IEC EN 61036
- Available in DIN-Rail

Turning workplaces into safeplaces

Solenoid Lock and Door Handle with Emergency Exit Function AZM 200

Suitable for Category 4, SIL 3 and PL e applications

(without additional second switch)

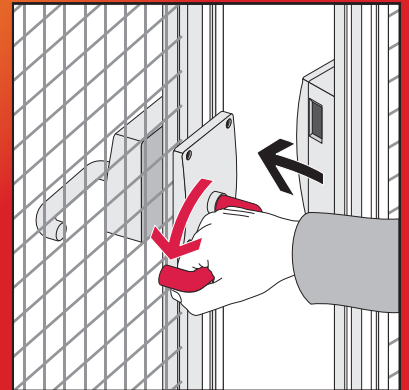

2000N Fmax Locking Force

3 LED's for visual indication of lock status

RFID Technology in built for door position

Supplied with Emergency Release Handle

(specify Left or Right Hinge mount)
